

Biodynamic Craniosacral Therapy

PROFESSIONAL TRAINING

Learn to work with cerebrospinal fluid and the life force in the body, bones, membranes, structure and function, vital physiology, injury recovery, habitual patterns, attitudes, stress responses, and self-awareness.

**a masterful addition to every
Therapeutic Practice!**

**3-day Overview Seminar
August 21 - 23, 2010. \$425
Atlanta Polarity Center**

Learn with master teacher, Roger Gilchrist, MA, RPP, RCST® in this internationally acclaimed professional training. As the author of Craniosacral Therapy and the Energetic Body, Gilchrist is currently directing trainings in Europe and Australia, as well as this new training in the USA.

Even if you have studied Craniosacral Therapy before, this program increases the depth and perception of your work. If you are new to Craniosacral Therapy, starting with the essential qualities at the heart of the work brings you immediate skill many practitioners wait years to discover.

DISCOVER THE UNIQUE ADVANTAGES OF BIODYNAMIC CRANIOSACRAL THERAPY

Layers of Experience

The human system has different levels of experience that can all be touched by Craniosacral Biodynamics. This training explores the interactive relationships of tissue structure, fluid dynamics, energetic organizing principles, and individual presence. Specific skills for addressing each of these dimensions are developed in Biodynamic Craniosacral Therapy, moving your work into even more profound experiences.

Clinical Precision

Take your existing skills to even deeper levels and develop a wider perspective in the work. Traditional osteopathic skills and modern refinements leading to great precision in clinical practice will be taught throughout the course.

Effective Results

Improved patient benefits and lasting results accumulate with Biodynamic Craniosacral Therapy. Utilizing the inherent treatment plan and facilitating the healing forces at the heart of every condition gives access to the remarkable healing powers available in the dynamics of life itself!
